

NEW CUSTOMER OR NEW LOCATION UP TO 53% OFF COLOCATION BUNDLE

Ready-to-Buy Promotion

Valid on new quotes through : 3/31/22

Need to add a new location or move to a highly redundant cloud-enabled colocation solution? Save up to 53% on Evoque predefined colocation solutions.

Not only does Evoque provide easy colocation options, but our cabinet and cage solutions are bundled with Blended IP giving you reliable low latency internet connectivity.

Standard Cabinet & Cages

Simplify your deployment with fixed power. Each rack or cabinet comes with 5kW of power utilization included, with the ability to expand. Standard 45U high by 40" deep racks (cabinets 42" with lockable doors) support servers and appliances of all sizes.

Blended IP - Internet connectivity

Get all the benefits of utilizing multiple ISPs, such as lower latency and improved resilience, with the ease of connecting to a single ISP through a simple layer-2 interface. Allowable bandwidth bursting includes up to 5x commit for surges in demand.

Remote hands

Focus on enhancing your business while our expert technicians handle physical adds and changes, server power cycling and more, without your team having to travel to our facilities.

SOLUTION BENEFITS

No setup charge on cabinets, racks, cages, or Blended IP. Includes 5kW of power utilization per cabinet or rack
